5. TRUSTEES' ANNUAL REPORT AND FINANCIAL STATEMENTS FY 2021 & REPORT FROM THE HONORARY TREASURER

a. The Trustees' Annual Report and Financial Statements for the FY ended 31 December 2021 were received. It was noted the full document was available on the BAUS website – [About / Governance / Trustees Report](#).

Unanimously approved.

b. The Honorary Treasurer (Mr Nick Watkin) gave a short presentation on BAUS finances. Mr Watkin gave an overview of the Association's finances from 2018 to 2022. Trustees had kept income and expenditure under close review and in 2021 there had been an operating surplus (income - £1,270,824 / expenditure - £1,075,218) as well as gains on BAUS investments. However, there were challenges – including declining surpluses from the Annual Scientific Meeting. It was noted that BAUS' primary source of income was subscriptions – and that most activities were run at break even or at a cost to the Association. The silver linings were that finances were stable and that committee expenses had been low due to Covid restrictions meaning meetings were held virtually. BAUS had maintained support from industry and the new industry sponsored webinar programme (overseen by Mr Olly Wiseman) had generated additional income. Going forward, the plan was to use some of the reserves to invest in projects to develop the long-term resilience and sustainability of BAUS. The Trustees wished to avoid big increases in subscriptions but to make modest increases at, or below, inflation (c2.5% increase from 2023) and to promote BAUS membership.

In closing, Mr Watkin expressed his thanks to Mrs Linda Sizer (Finance Manager) - who was leaving BAUS after nine years in post - as well as to the BAUS office team. He also thanked the BAUS trustees and to Mr Tim O'Brien who would be demitting as President at the end of the Annual Scientific Meeting.

6. MEMBERSHIP SUBSCRIPTIONS FOR 2023

The Honorary Treasurer reported the Trustees had reviewed the membership subscription rates and the rates wef 1 January 2023 were outlined in the table below. As reported above, the Trustees had agreed that increases should be kept below the rate of inflation. It was important for the Association to ensure that income from subscriptions was maintained.
